## **Summary/History:**

Council approval is requested for the purchase of two street sweepers using HGAC contract #SW04-16. This equipment is to be utilized by the Stormwater division for the purpose of street sweeping.

Currently, equipment being used for this purpose includes 6 street sweepers of similar style. The requested new units will replace two existing units that are aged and have experienced elevated expenses. Demonstrations of competing street sweepers were performed, with findings pointing to the TYMCO sweeper controlling dust better and excelling in debris pickup.

The requested purchase will be made from TYMCO, Inc (Waco, TX). There are no known local vendors for this type of equipment.
